INDEPENDENT EXAMINATION OF CHARITY ACCOUNTS

Are you running a small to medium sized charity (1,000,000 turnover and lower), voluntary or community-based organisation?

Then you should have your annual accounts independently examined.

PPS Accountants would help you fulfil your statutory obligation to have your accounts examined and or complete your annual accounts in compliance with Charity commission regulations.

NOTES:

Member of the
Association of Charity
Independent Examiners
Recognised by the
Charity Commission in
England and Wales to
conduct Independent
examinations of
Charity Accounts.

Completion of your tax return and online filing

As soon as you supply the information we need, we will complete your tax return within a pre-agreed timescale. Wherever possible we will identify claims and reliefs that can be included on your tax return to reduce your tax liability.

Once you have approved your tax return we will file it online. Here are some of the key benefits of online filing:

- You will know exactly when HM Revenue and Customs received it.
- There should be no processing errors by HM Revenue and Customs.
- You will have more time since you can file right up to your deadline date and perhaps more importantly
- When you are entitled to a tax repayment you will receive your money much quicker.
